

## Did you know?

That one gram of dog waste contains up to 23 MILLION fecal coliform bacteria which are known to cause cramps, diarrhea, intestinal illness and serious kidney disorders in humans.

Dog Waste is the most common carrier of:

- Parvo
- Corona Virus
- Heartworms
- Whipworms
- Salmonellosis
- Roundworms
- Hookworms
- Tapeworms
- Cryptosporidiosis
- Campylobacteriosis

If you see someone who is NOT picking up after their pet, please inform them of the dangers and ask that they do.

***Our goal is to  
ENRICH OUR  
COMMUNITY THROUGH  
HUMAN-ANIMAL  
BONDING***

# Who are we?

We have organized exclusively for charitable and educational purposes under section 501(c)(3) of the Internal Revenue Service code, or corresponding section of any future federal tax code. We have been approved by the state of Utah but are pending IRS approval.

## **Establishing a dog park is just one of the projects of our group.**

Our group would like a centralized location to conduct educational classes to enhance human-animal bonding, animal assisted therapy, animal adoptions, demonstrations, seminars and other activities to protect and enhance the quality of life and economic vitality of the local community.

***Animal Assisted Therapy***

Until we are able to raise the funds and find an approved location, we will be conducting our activities throughout Iron County.

# What is our Purpose?

1. To receive public and private funds to implement a community dog park in Cedar City, Iron County, Utah and for the improvement, enhancement and betterment of a public dog park that will be a centralized location for community education including the human-animal bond, animal adoptions, demonstrations, training and exercise.

2. To provide education to the community on responsible pet ownership with classes, informational printed pamphlets, demonstrations and seminars.

3. To provide and use funding to assist local Iron County shelters and rescue groups in the maintenance, feeding, enhancement and better livability and placement of homeless animals.

4. To provide sponsorship of events including spay/neuter, Animal Assisted Therapy, Animal Emergency Preparation & Management, Humane Education and equipment purchase.

5. To bring visitors to our area for animal related events, competitions, and seminars, which will offer new economic opportunities to local businesses.

6. To produce literature, brochures, community and highway signage and other interpretive, informational and educational pieces to disseminate information concerning the Friends of Festival Country K-9s, Inc. to the public, area visitors and local communities.

7. To protect and enhance the quality of life, community pride and economic vitality of local Iron County communities.
